EcoPet Odour and Stain Remover

EcoPet Odour & Stain Remover is a bio-spray that removes unwanted odours and stains in areas where your pets visit frequently, such as the cat s box, dog basket, rodent cages, etc.

In contrast to the normal "air fresheners", EcoPet Odour & Stain Remover *eliminates* the unwanted odour instead of masking it with perfumed air.

As well as removing the smell, **EcoPet Odour & Stain Remover** also removes the stains that are caused by excrement and / or vomit that appear in textiles. The product is also suitable as a stain remover for stains from blood, (red) wine or coffee.

Applications: To remove unpleasant smells and stains caused by vomit, urine, excrement etc. from carpets, couches and chairs, curtains, blankets and other fabrics.

To remove the odour of Cat Urine from hard or porous surfaces such as concrete, seams, stone etc, we advise to use [UF2000](#)

Composition: Complex of natural plant enzymes, Cetyl-Pyridium-Chloride
